RE: LICENSE REVOCATION

Dear Mr. Prust,

Your license to practice as a licensed practical nurse in the State of Louisiana is hereby immediately revoked for violating your board order that was issued on March 30, 2006.

You failed to obtain a chemical addiction assessment as required by the board. Additionally, you were required to submit a fine of \$500.00 and a hearing assessment fee of \$500.00 within 90 days of receipt of your board order. To date, the board has not received payment for your fines and fees.

A copy of your order was re-mailed to your address of record on 1/19/07 as requested. On 9/15/13, the board sent a letter to you regarding reinstatement of your license and indicated what was required. On 6/20/14, the board received information that you relapsed on methamphetamines and heroin. The board mailed a letter to you on 7/1/14 notifying you of the allegations and requesting a response. To date, you have not responded.

You may no longer practice practical nursing in Louisiana as of the date of this letter. You are to immediately return your current practical nursing license to the board office. Failure to return your license and continuing to work while your license is revoked will be reported to the appropriate agencies.

As stated in your consent agreement/board order, the following violations apply if you do not comply with the mandated stipulations:

VIOLATIONS

Failure to comply with any and/or all sections of this order may result in any and/or all of the following: a) immediate suspension of license, b) indefinite suspension of license, c) ineligibility for annual renewal of license, d) additional fines/penalties up to \$500.00 per occurrence, e) increased probationary period, f) summary suspension, and/or g) revocation.
