DEFAULT ORDER IN THE MATTER OF

The Louisiana State Board of Practical Nurse Examiners (Board)

v.

**Tammy Domond (respondent), LPN, license #860763
102 Delories Street, Lafayette, LA 70501**

On **June 18, 2015**, a formal complaint/notice of hearing (Attachment A) was mailed to the last known address of the respondent. The respondent replied to the complaint/notice of hearing, as required by the LAC 46:XLVII. 306.I and denied the allegations and waived her right to a formal hearing. In accordance with the LAC 46:XLVII.306.J, this order is issued by default.

LEGAL AUTHORITY AND JURISDICTION

The board's legal authority and jurisdiction, in adjudication proceedings, are provided for in:

1. The Louisiana Revised Statutes of 1950, Title 37, Chapter 11, Part II, Section 961 et seq., as amended; and
2. The Louisiana Administrative Code, Title 46, Part XLVII, Subpart 1, Section 101 et seq., as amended; and
3. The Louisiana Administrative Procedure Act, Title 49, Chapter 13, Section 950 et seq., as amended.

FINDINGS OF FACT

1. The respondent was licensed as a practical nurse in the state of Louisiana on 12/7/1986.
2. On 3/11/2005, the respondent was issued a letter of reprimand by the board. The respondent tested positive for propoxyphene on a pre-employment urine drug screen and could not produce a valid prescription.
3. The board received a report from Community Specialty Hospital indicating that the respondent was terminated on 8/25/2014. Reportedly, the respondent left prior to counting the narcotics following her shift. A count was performed, and it was found that 2 bottles of Lortab elixir were missing. The respondent was requested to return for a drug screen. She agreed to submit to the drug screen, but did not show as expected. The respondent called 2 days later and requested to test the following day. The respondent was terminated.

4. The board received information from Maison de Lafayette that the respondent was hired as an LPN on 10/15/12 and terminated (fired) on 2/21/13 for unsatisfactory work. During her employment with Maison de Lafayette, she had numerous counseling/warnings regarding her practice as a nurse. On 10/17/12, she was reminded regarding the importance of being on time for her scheduled shift. On 10/28/12, she was given a disciplinary warning notice for unsatisfactory work. She was reminded that it was the nurse's responsibility to complete incident reports on residents as well as report to oncoming shift. She was also reminded to perform total body assessments, interventions and to follow up with the physician and family immediately. Additionally, at least two CNAs submitted complaints regarding her work on or about 1/15/13. It was reported that a CNA went to inform the respondent of a resident who pushed his call light and she stated, "I don't want to hear it, I'm not in the mood for these residents." Another CNA reported that the respondent and other nurses were making too much noise and that when confronted about the noise, the respondent stated, "Go back in the room or join the conversation."

On 1/24/13, the respondent received a disciplinary write up for violation of company policy. A Fentanyl patch was opened, dated and placed back in the narcotic drawer and added back to the count. The respondent was warned that once a narcotic medication had been opened and refused by a resident, she must waste the narcotic with another nurse as a witness. On 2/8/13, she was written up for unsatisfactory work and violation of company policy because she failed to answer call bells within 10 minutes. She was aware that call bells were not to exceed 10 minutes and these guidelines were in place for the safety of the residents. On 2/19/13, she was written up for unsatisfactory work and violation of company policy for failing to chart medication administration. She was terminated on 2/21/13.

2. On 3/11/2005, the respondent was issued a letter of reprimand by the board. The respondent tested positive for propoxyphene on a pre-employment urine drug screen and could not produce a valid prescription.
3. The board received a report from Community Specialty Hospital indicating that the respondent was terminated on 8/25/2014. Reportedly, the respondent left prior to counting the narcotics following her shift. A count was performed, and it was found that 2 bottles of Lortab elixir were missing. The respondent was requested to return for a drug screen. She agreed to submit to the drug screen, but did not show as expected. The respondent called 2 days later and requested to test the following day. The respondent was terminated.
4. The board received information from Maison de Lafayette that the respondent was hired as an LPN on 10/15/12 and terminated (fired) on 2/21/13 for unsatisfactory work. During her employment with Maison de Lafayette, she had numerous counseling/warnings regarding her practice as a nurse. On 10/17/12, she was reminded regarding the importance of being on time for her scheduled shift. On 10/28/12, she was given a disciplinary warning notice for unsatisfactory work. She was reminded that it was the nurse's responsibility to complete incident reports on residents as well as report to oncoming shift. She was also reminded to perform total body assessments, interventions and to follow up with the physician and family immediately. Additionally, at least two CNAs submitted complaints regarding her work on or about 1/15/13. It was reported that a CNA went to inform the respondent of a resident who pushed his call light and she stated, "I don't want to hear it, I'm not in the mood for these residents." Another CNA reported that the respondent and other nurses were making too much noise and that when confronted about the noise, the respondent stated, "Go back in the room or join the conversation."

On 1/24/13, the respondent received a disciplinary write up for violation of company policy. A Fentanyl patch was opened, dated and placed back in the narcotic drawer and added back to the count. The respondent was warned that once a narcotic medication had been opened and refused by a resident, she must waste the narcotic with another nurse as a witness. On 2/8/13, she was written up for unsatisfactory work and violation of company policy because she failed to answer call bells within 10 minutes. She was aware that call bells were not to exceed 10 minutes and these guidelines were in place for the safety of the residents. On 2/19/13, she was written up for unsatisfactory work and violation of company policy for failing to chart medication administration. She was terminated on 2/21/13.
