Dear Ms. Barr:

The Louisiana State Board of Practical Nurse Examiners has received the requested information. The suspension of your practical nursing license has been lifted; however, your 2015 practical nursing license is unable to be returned to you at this time. The board has determined that you have not worked as a licensed practical nurse in over 4 years; therefore, you will need to complete a board approved refresher course. Your practical nursing license is not considered active at this time. You are prohibited from working as an LPN or applying for any LPN positions until you have satisfactorily completed a board approved refresher course. Please note that working as an LPN while your license is not active will result in further disciplinary action including, permanent revocation.
