White Castle, LA 70788

**LETTER OF CONCERN**

Dear Ms. Francis:

The Louisiana State Board of Practical Nurse Examiners has reviewed your court documents related to your arrests for issuing worthless checks and improper supervision of a minor.

The board has decided to not take any disciplinary action against your license at this time. This information will remain on file.

However, we are issuing you this letter of concern to remind you that as a licensed practical nurse you are expected to maintain professional conduct at all times.

It is a violation of **Louisiana Administrative Code: Title 46, Professional and Occupational Standards Part XLVII. Nurses** to being guilty of a crime; being guilty of unprofessional conduct, thus you can be disciplined by the board if found guilty.

The board hopes that by calling this to your attention we will have no further reports against you and you will realize the importance of your actions and the potential consequences.

Be reminded that your chosen field of nursing is valued and respected in the community and that you must value and respect the privilege of the service you render.

**LOUISIANA STATE BOARD OF  
PRACTICAL NURSE EXAMINERS**

Sincerely,

*M Lynn Ansardi RN*

M. Lynn Ansardi, RN
