

In the matter of: Maylie Young
LICENSE #240174
D.O.B. 10/22/1973

This cause having come to be heard upon the complaint filed herein, the evidence and testimony entered before the undersigned hearing officer on **May 26, 2016**. The nature of the hearing was prosecution of the matter.

The following witnesses were called to testify on behalf of the board:

- Mary L. Parker, Housekeeping, St. Francisville Country Manor
- Kelly Haynes, DON, St. Francisville Country Manor

The respondent was **NOT** present at the hearing

FINDINGS OF FACT

During the formal hearing process, the following facts were confirmed:

1. The respondent was issued a license to practice practical nursing in the state of Louisiana on January 22, 2004.
2. The respondent is guilty of neglecting a patient in her care, while employed as a licensed practical nurse with St. Francisville Country Manor, LLC. On March 31, 2015, a resident assigned to the respondent's care was found on the dining room floor by the oncoming staff. The patient informed the oncoming staff that another resident had pushed her down. The oncoming staff looked for the respondent but was unable to find her. Upon her return approximately 20 minutes later, the respondent was notified of the resident's fall. Although the respondent was informed that the resident had sustained a laceration to the head with bruising and swelling, she still failed to perform neurochecks as required. (Exhibit C19-C20) She also failed to report that the resident was attacked by another resident of the facility. (Refer to pg. 6 line 9 through pg. 8 line 8; pg. 14 lines 6-8, and pg. 17 line 7 through pg. 18 line 12 and Exhibit C2) The respondent was terminated. (Refer to pg. 20 line 22-23 and Exhibit C14 and C17)

The respondent was previously counseled for failing to complete urinalysis and labs on two patients as ordered, again neglecting patient's in her care. (Refer to pg. 21 line 19 through pg. 22 line 9 and Exhibit C15)

3. On June 15, 2015, the respondent was hired as a licensed practical nurse with Valley View Health Care Facility. On August 7, 2015 the respondent received a verbal warning for leaving medications at the bedside. (Exhibit F3)

Although the respondent indicated in her narrative statement to the board that she had a migraine headache and had to go to a dark room for relief, she failed to inform anyone she was leaving her post, thus neglecting patient in her care. She failed to follow proper protocol by not performing neuro checks on a patient who not only sustained an unwitnessed fall, but also had a laceration on the back of her head and a history of falls. Her sheer lack of concern for her residents raises serious concerns regarding her nursing practice.
